THIS IS MARYLAND CROSS COUNTRY

MARYLAND CROSS COUNTRY MISSION STATEMENT

On the cross-country course, we expect to become a consistent top-20 team in the country. Since the Atlantic Coast Conference is one of the strongest, if not the strongest, distance conference in the country, we believe if we move up with a sense of urgency throughout the conference we can become a nationally recognized program in a matter of one to three years. We will embrace the concept of family through team bonding and working toward a common goal.

In the classroom, our expectation is to have athletes receive a degree from one of the most highly recognized academic programs in the country. The University's academic successes are across the board, and Maryland has emerged as a true powerhouse in business, computer science, earth science, engineering, education and journalism. *U.S. News and World Report* ranked Maryland in the top 20 nationally among all public universities in its latest poll. The Robert H. Smith School of Business has been ranked among the top business schools in the world by the *Wall Street Journal* and the *Financial Times* of London. Every department in the College of Education has programs ranked in the *U.S. News and World Report* top-25 and 69 majors within the school are ranked in the top-25 or better on the national scene.

Experience is the best teacher. The more times you do something, the more experienced you become; and the more experienced you are, the better off you are.

That's what the experts say, and it does hold true. A person who has been running for five years knows more about himself or herself and their own capabilities than a person who's been running a short time.

Still, it's possible to know something so well that you don't know it at all. There's a point when you've been doing it so long that you become blinded to actually learning, thinking that you know it all. You stop letting yourself grow. That's why it's good to always remain humble and accept some naiveté about running. I came to the conclusion over the last couple of years in my coaching career. With national champion athletes, national record holders, state champions and Olympic medalists, improvement is observed most when some sort of innocence is maintained.

An important aspect of innocence is a childlike enthusiasm and energy. It still seems fresh. You don't know it all nor do you pretend to. You're still learning. In fact, you're jazzed about how much there is to learn.

Experience is a great teacher. But innocence teaches too. When you're new to something, you are drawn to the feeling of excitement. Never become so knowledgeable of running—or anything else—that you outgrow its joy, its pleasures, its innocent dreams. You cannot forget the dreams that got you started.

Sincerely,

Trent Sanderson
Head Coach, Maryland Cross Country

CROSS COUNTRY COACH TRENT SANDERSON

Second Year At Maryland • New Orleans '95

Head coach Trent Sanderson is in his second season with the University of Maryland men's and women's cross country teams, after taking the reins of the program following the retirement of 13-year coach Dan Rincon. Upon Sanderson's hiring, head track and field coach Bill Goodman commented, "Trent is energetic, smart and well connected, and he has been in the ACC and knows what it takes to run at this very high level [of competition]."

Sanderson brings more than a decade of distance running and six years of coaching experience to the Terrapins' cross country program. In 1995, Sanderson earned a bachelor's degree in exercise physiology from the University of New Orleans. While at New Orleans, Sanderson participated on both the cross country and track teams, and also posted the second-fastest 10,000-meter time in the state of Louisiana and merited All-Sun Belt honors in 1994.

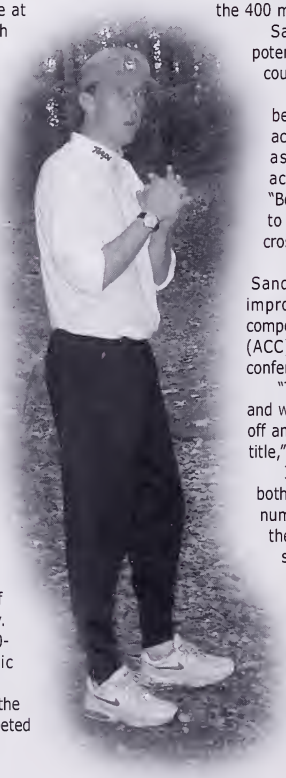
From 1997 to 2000, Sanderson served as the head cross country coach at Colorado Rocky Mountain High School and middle and long distance coach at Glenwood Springs High. At Glenwood Springs, Sanderson coached the team to the state regional championships. While coaching at the high school level, Sanderson helped develop one national record-holder, two national champions, four national titles, five regional records, nine prep All-Americans and numerous student-athletes that have gone on to the junior national cross country team. While working in Colorado Springs he also conceived Team Elite USA, a national non-profit program dedicated to the mentoring and development of amateur athletes.

Sanderson trained future and current Olympians during stays at the U.S. Track and Field Olympic Training Center in Colorado Springs. He had the opportunity to work closely with Deena Drossin, one of the top distance runners in the country. Drossin is a hopeful for a medal in the 5,000- and 10,000-meters in the 2004 Olympic Games.

In 1999, Sanderson trained half of the junior national cross country team that competed in the World Championships in Belfest, Ireland. Additionally, he has spoken at programs on mental development at high school coaches' clinics throughout the country. This summer, Sanderson continued his elite cross country camp in Colorado.

"This allows some sort of another home base out in Colorado for Maryland distance running," said Sanderson.

Most recently, Sanderson worked with the track and field program at Florida State University. One of the athletes Sanderson coached at Florida State went on to finish third at the 2001 national indoor meet in the 800 meters and set a national record in the 400 meters in Zimbabwe.



Sanderson is optimistic about the potential progress of the Maryland cross country program.

"I chose the University of Maryland because of its potential to expand. The academics are on an elite level as well as the facilities, fan support and academic support," said Sanderson. "Being that I have only been accustomed to this level, it seems inevitable that cross country will also reach that level."

Recruiting is a key area that Sanderson believes the program can improve in. Distance running is very competitive in the Atlantic Coast Conference (ACC), making top recruitment key to conference and national success.

"This year will be my first [full] year, and with a great recruiting class we will be off and running, moving closer to the ACC title," said Sanderson.

Improvement is already apparent in both the men's and women's teams, with numerous runners lowering times from the 2000 season. "The athletes have surpassed their top times from last season," said Sanderson. "Each athlete has improved every meet. Additionally, they have adjusted to a very tough regiment and a different philosophy."

TRACK & FIELD COACH BILL GOODMAN

15th Year At Maryland • Maryland '75

As both a runner and a coach, Bill Goodman has spent 28 years as an integral part of the Maryland track and field program.

He replaced Stan Pitts by taking over the coaching reins of both teams in 1998. During his tenure as an assistant coach (1976-83) and as head coach, Goodman has had 14 All-Americans, 35 All-ACC performers and 33 ACC champions, most recently in 2001 with Tracy Ojeniyi winning the heptathalon.

As a student-athlete at Maryland, Goodman, a four-year letterwinner, excelled both on and off the track. In 1975 he was the Intercollegiate Association of Amateur Athletes of America (IC4A) triple jump champion. He also qualified for the NCAA Championships in 1973, '74, and '75.

Off the track, the York, Pa., native enjoyed academic and social prominence during his time at Maryland. He was the vice president of Omicron Delta Kappa, an honorary fraternity representing outstanding academic leadership achievement, from 1973-75. In 1975, he received the Atlantic Coast Conference award for excellence in scholarship and athletics. Goodman was also an honorary inductee in the Golden Key Honor Society.

After graduating from Maryland in 1975, Goodman stayed at the university and became an assistant coach under Frank Costello. During his stint, he had the opportunity to coach All-Americans Bob Calhoun (long jump) and Dennis Ivory (triple jump), as well as USA Track and Field qualifier and school long jump record-holder Tamela Penny.

Under his tutelage, indoor triple jumper Marchelle Payne was a four-time All-American and is considered to be one of America's all-time best in her events. Goodman's last All-American came in 1999, when he coached Candyce DeLoatch in the 400.

In 1983, Goodman took the head-coaching job at nearby Eleanor Roosevelt High School. There he guided the track program to almost immediate success. In 1984, he led the men's team to an indoor state championship. In 1986 he led the women's cross country team to the state championship.

Goodman and his wife, Helen, reside in Frederick, Md., with their two daughters, Shanie and Natalie, as well their dog, Hershey, and cat, Angel.

Bill Goodman was awarded the Jostens ECAC Award.

STUDENT ASSISTANT COACH JACKIE REILLY

1st Year At Maryland • Maryland '02

Although this is her first year as part of the cross country staff, Jackie Reilly is no stranger to athletics at the University of Maryland. She has won varsity letters in field hockey, cross country and track and field. As a goalie for the field hockey team, she aided her team in winning the 1999 and 2000 ACC Championships, as well as the 1999 NCAA Championships. She was also the captain of the indoor and outdoor distance teams in track.

Outside of athletics, Jackie participates in MaryPIRG, is a volunteer tutor and volunteers at the National Zoo. She is a two-time winner of the President's Cup for Community Service.

She is the daughter of Carolyn and Thomas Reilly, and has one brother, Thomas, and two sisters, Chrissy and Alicia.

2002 WOMEN'S SEASON OUTLOOK

Terps Aim For Strong Run In The ACC

With six returning runners and a strong set of newcomers, the 2002-2003 women's cross country team is looking for its most successful season yet, after showing marked improvement last year under head coach Trent Sanderson. However, the team will face the challenge of making up for the loss of four valuable graduated seniors, as well as the loss of last year's top runner, Kristin Lubas.

Helping to overcome this deficit is a strong class of newcomers that gives the roster a level of depth it has never reached before. This large class of talented freshmen and one transfer student creates a bright future for the women's cross country team, for this year and beyond. After showing much promise during pre-season practices, freshmen Katie Purcell and Cori Koch seem to be poised to vie for top spots on this year's team. The speedy duo is also expected to be a competitive force in the ACC this season. Freshmen Allison Carney and Becca Funk should also produce great performances that will help the team place well this season.

Guiding the young squad will be the leadership skills of three returning juniors. One of these juniors is Kim Smith, who competed in every meet last year and turned in a career-low time at the ACC Championships. Lora Stuzman is the second returning junior. Last year, Stutzman dramatically improved her time from the 2000 Maryland Invitational, and should continue to lower her times in 2002. Joining Smith and Stutzman is junior Lorna Dorland, who had several impressive finishes in 2001, despite joining the team late in the season. This year, Dorland's fast times will benefit the team throughout the season.

The team's sophomore class is led by Bridget Baker and Courtney Fiorovanti. Both were very consistent competitors for the Terps last season, running in every meet. Working hard during the off-season, Fiorovanti is expected to turn in high individual finishes this season. Elizabeth Reda is another sophomore looking to step up her involvement in the upcoming season.

> **"The chemistry is there. Recruiting has gone well, and the outdoor season should be incredible."**
>
> **— Head Coach Trent Sanderson**

The women have worked hard during the off-season this year, which should fully prepare them for a competitive 2002 season. At the ACC Indoor Championships, the team scored higher than it has in the past four years. After breaking a three-year last-place finish streak at the ACC Championships last season, this year's squad is looking to raise its level of competition and achieve a regional ranking. If last year's improvement is any indication, this season holds much promise.

"The chemistry is there," said Sanderson of how the team is coming together. "Recruiting has gone well, and the outdoor season should be incredible."

The 2002 Women's Team

2002 MEN'S SEASON OUTLOOK

With High Team Commitment, Terps Continue On Winning Trail

The Maryland men's cross country team is looking forward to a highly successful season this year under the leadership of head coach Trent Sanderson. Sanderson is looking forward to coaching his first full season with the Terps, after the team showed dramatic improvement in 2001. Strong performances by reliable returners and talented newcomers will help propel the team to new heights this season.

The team will be led by returning junior Mike Prada, who was the Terps' fastest finisher in four meets last year. In two of those meets, his times earned him places in the top ten overall. Prada was the first Maryland men's cross country runner to complete the 10K course at the 2001 NCAA District Cross Country Championships, and placed in the top 100. Lowering many of his individual times last year, Prada is expected to continue this trend into the 2002 season.

Assisting Prada will be the return of a talented sophomore class, including Mike Fleg, who competed in every race last year. Another valuable sophomore will be Matt Adami. Adami was one of three Terps to compete at the 2001 NCAA District Cross Country Championships. The consistent effort of Adam Ambrus will round out the class of returning sophomores this season. Ambrus, who practiced diligently during the off-season, is expected to have a breakout year for the Terps.

The team is looking to break a four-year ninth place finish streak at the ACC Championships. Additionally, the team aims to develop into a competitive force in the ACC, and attain a regional ranking. Helping them to accomplish these goals will be a promising class of newcomers, including sophomore Florent Groberg and junior Doug Allen. Allen has valuable collegiate racing experience from last season, when he competed in cross country for UMBC. Also joining the team is freshman Natty Zola. Sophomore Pat McHenry and freshman Dan Ryan will be two other valuable assets to the team, after having finished lucrative high school running careers.

> **"Our level of commitment is high right now. We have a lot of work to be done and a lot of ability. I believe the sky is the limit."**
>
> **— Head Coach Trent Sanderson**

The Terps have been working hard in the off-season to prepare for the 2002 season. During the indoor track season, the members of the men's team qualified for the IC4A's for the first time in three years. Additionally, at the ACC Indoor Championships, the team scored higher than it has in the past four years.

The improvement of the team last year, combined with strong returning athletes and talented newcomers, produces a bright outlook for the upcoming season.

"Our level of commitment is high right now," said Sanderson. "We have a lot of work to be done and a lot of ability. I believe the sky is the limit."

2002 WOMEN'S PROFILES

BRIDGET BAKER

5-4 • So.
Elkridge, Md.
Howard

As a freshman (2001): Raced to an 11th place finish at the Maryland Invitational on Oct. 13...finished in 22nd place at the ACC Preview on Sept. 29 with a time of 20:35...competed in the ECAC/IC4A Championships on Nov. 17...improved her 2001 5k time of 19:38 to 18:25 at the 2002 Indoor ACC Championships in North Carolina.

Before Maryland: Ran four years of varsity cross country and track for Howard High School in Ellicott City, Md., winning four varsity letters...maintained a 3.5 GPA...made the All-County cross country team three times...was selected to the All-County track team one time.

Personal: Bridget Elizabeth Baker...born Nov. 11, 1983...daughter of Veronica and Stephen Baker...has two younger brothers, Patrick and Mark.

2001 Best Time: 20:02.68 at the Maryland Invitational on Oct. 13.

LORNA DORLAND

5-4 • Jr.
Rockland, Maine
Medomak Valley

As a sophomore (2001): Her time of 19:49.71 earned her a fifth place finish at the Maryland Invitational on Oct. 13...was the Terps' second-fastest runner in the ACC Championships, finishing with a time of 24:04.4...finished in 18th place at the ECAC/IC4A Championships on Nov. 17, posting her fastest time of the season.

Before Maryland: Won two varsity letters in cross country at Medomak Valley High School in Waldoboro, Maine...led her team to the 1996 National TAC Championships in Irvine, CA...was named the MVP of her team in 1998.

Personal: Lorna Elaine Dorland...born August 19, 1972...daughter of Marilyn Dever and Roger Dever, Jr....married to Bryan Dorland...has three children, Britain, Natalya and Ciaran...enjoys cooking and gardening...majoring in romance languages.

2001 Best Time: 19:10.4 at the ECAC/IC4A Championships on Nov. 17.

ALLISON CARNEY

5-8 • Fr.
Las Vegas, Nev.
Centennial

Before Maryland: Won varsity letters in soccer, cross country and track at Centennial High School in Las Vegas, Nev....was part of two Nevada State Champion cross country teams...served as captain of the cross country, track and soccer teams...named to All-Division, All-Region and All-State cross country teams two times...named as one of the Top Ten Student Athletes in Nevada during her senior year...inducted into the South Nevada Legends Hall of Fame...was the division and regional champion in the 1600m and 800m...named to First Team Northeast Division in soccer...was All-Division, All-Region and All-State in track for two years...participated in D.A.R.E., the drama club, Key Club and the student newspaper.

Personal: Allison Louise Carney...born March 3, 1984...daughter of Patti Lind and Dan Carney...has three brothers, Andy, Cody and Jeff...enjoys reading, hiking, camping and photography...majoring in journalism...chose Maryland over Arizona State, Syracuse, Montana State, Nevada and Nebraska.

COURTNEY FIOROVANTI

5-8 • So.
Toms River, N.J.
Toms River North

As a freshman (2001): Lowered her 2001 5k time of 19:42 to a 18:46 at the Outdoor ACC Championships in 2002...posted a 20:22.29 at the Maryland Invitational on Oct. 13 and finished in 21st place...was the Terps' fastest freshman finisher at the Paul Short Invitational on Oct. 6 with a time of 23:25.73.

Before Maryland: At Toms River High School in Toms River, N.J., she won varsity letters in soccer, cross country, and indoor and outdoor track...was on the honor roll...in 2001, was on the First Team All-County cross country, the Third Team All-Shore cross country and the First Team indoor track in the mile...her team became the 2001 South Jersey Group 4 State Champions.

Personal: Courtney Lynn Fiorovanti...born June 25, 1982...daughter of Diana and Nicholas Fiorovanti... brother, Matthew, runs track at Cornell...has another brother, Brett...enjoys running...majoring in elementary education...member of TriDelta and on the honor roll.

2001 Best Time: 20:17.60 at the ECAC/IC4A Championships on Nov. 17.

BECCA FUNK

5-2 • Fr.
Millersville, Md.
Severna Park

Before Maryland: Won varsity letters in cross country and indoor and outdoor track at Severna Park High School in Severna Park, Md....served as captain of all three teams...regional champion, and selected for All-Metro and All-County in 2002 for track and cross country...county champion in cross country in 2000 and indoor and outdoor track in 2002...named to Power Bar All-Extra team and *Washington Post* All-Extra team...was athlete of the week and MVP...was on the honor roll...won the school's Minds in Motion Award.

Personal: Rebecca Anne Funk...born Feb. 26, 1984...daughter of JoAnn and Charles Funk...has one brother, Jason, and one sister, Elizabeth, who plays lacrosse for Salisbury University...majoring in architecture...chose Maryland over UNC Greensboro and Loyola.

CORI KOCH

5-8 • Fr.
Lutherville, Md.
Towson

Before Maryland: Attended Towson High School in Towson, Md., where she ran three years of varsity cross country and two years of varsity track...played one year of basketball as a forward...was the captain of her cross country team and her school's Athlete of the Year in 2002...was named the *Baltimore Sun* Player of the Week and the Baltimore Metro Runner of the Year in 2000...was on the first team All-City and All-County for cross country...was a two-time Maryland cross country state champion...was recruited by Towson, North Carolina and American.

Personal: Mary Corinne Koch...born July 15, 1984...daughter of Mary and Tim Koch...has two younger sisters, Leslie and Alli...brother Kyle plays basketball for Loyola College...enjoys cooking...majoring in food science.

KATIE PURCELL

5-7 • Fr.
Coraopolis, Pa.
Our Lady of the Sacred Heart

Before Maryland: Ran varsity cross country and track at Our Lady of the Sacred Heart in Coraopolis, Pa....was captain of the cross country team in 2001, as well as the MVP...was also MVP of her track team in 2001...in 2002, she was named the Most Valuable Female Athlete...part of school record-holding teams in the 4X100, 4X400 and 4X800...is the current school record holder in the 800m, 1600m, 3200m and shotput...named to the All-State team in 2002...was the state champion in the 3200m in 2002.

Personal: Katie Nash Purcell...born April 20, 1984...daughter of Nancy and Ray Riesmeyer, and Gerald Purcell...has three brothers, Mike, Charles and Jeff...cousin Mark Easton plays hockey for the Nashville Predators...favorite athlete is Steve Prefontaine...majoring in mathematics.

AMIE SHOMETTE

5-4 • Fr.
Monrovia, Md.
Urbana

Before Maryland: Won varsity letters at Urbana High School in Ijamsville, Md., in cross country and track and field...was All-County, All-State and All-Region in cross country for four years...named Cross Country Athlete of the Year by the Frederick Post in 2001...was her cross country team's MVP for three years...participated in SADD and held a 3.75 GPA...will compete against former teammates Jen Baclawski and Lauren Graff, who run for American and Georgia Tech, respectively.

Personal: Amie Elizabeth Shomette...born January 14, 1984...daughter of Sharon and Dale Shomette...enjoys playing the piano, modeling, camping and art...has one sister, Michelle...majoring in biological science.

DANIELLE SIEBERT

5-6 • Fr.
Chalfont, Pa.
Central Bucks West

Before Maryland: Won varsity letters in field hockey, cross country, and indoor and outdoor track at Central Bucks West High School in Doylestown, Pa....was the captain of her cross country team and was given the Most Dedicated Award...named to the Second Team Suburban I All-League...received the U.S. Army Reserves National Scholar/Athlete Award...was captain of her track team and received the MVP award...participated in the National Honor Society and held a 3.8 GPA...will compete against former teammate Linnie Darmofal, who runs for West Chester.

Personal: Danielle Lynn Siebert...born Feb. 15,1984...daughter of Andrea and Charlie Siebert...has two brothers, Andrew and Kevin...enjoys painting and decorating...majoring in art education.

KIMBERLY SMITH

5-7 • Jr.
Glastonbury, Conn.
Glastonbury

As a sophomore (2001): Finished with a 21:04.75 at the Navy Invitational on Sept. 8...raced to a 13th place finish at the ACC Preview on Sept. 29 with a time of 20:09...finished ninth at the Maryland Invitational on Oct. 13, posting her fastest time of the season...lowered her 2001 5k time of 19:46 to a 18:47 at the Outdoor Alabama Relays in 2002.

Before Maryland: Earned varsity letters in cross country and track from Glastonbury High School in Glastonbury, Conn....was selected to All-League, All-Class LL cross country in 1998 and 1999...was selected to the All-State indoor and outdoor track team in 1999...was on the honor roll with a GPA of 3.7.

Personal: Kimberly A. Smith...born Dec. 5, 1980...daughter of Gordon Smith...has one sister, Jennifer...majoring in cell biology/ molecular genetics.

2001 Best Time: 19:56.45 at the Maryland Invitational on Oct. 13.

LORA STUTZMAN

5-5 • Jr.
Petersburg, N.J.
Ocean City

As a sophomore (2001): Finished with a 21:30.78 at the Navy Invitational on Sept. 8, finishing in 42nd place...lowered that time to 20:41 at the ACC Preview meet on Sept. 29 where she placed 25th ...placed 13th at the Maryland Invitational on Oct. 13 with a time of 20:09.79, which was lower than her time at the same race in 2000...placed 45th at the ECAC/IC4A Championships on Nov. 17 with a time of 19:47.4.

As a freshman (2000): Ran in the Maryland Invitational with a time of 24:35.5.

Before Maryland: Graduated from Ocean City High School in 1999...was a four-year varsity letter winner.

Personal: Lora Jean Stutzman...born Feb. 19, 1981...the daughter of Janet and David Stutzman.

2001 Best Time: 19:47.4 at the ECAC/IC4A Championships on Nov. 17.

ANDREA STEHMAN

5-3 • Jr.
Indianapolis, Ind.
North Central

Before Maryland: Attended North Central High School in Indianapolis, Ind....ran three years of varsity cross country and three years of varsity track...was the co-captain of the track team in 1999...was All-State in track two times...named to the All-County cross country team one time...holds the Marion County 4X800 record...graduated from Butler University in three years, where she won varsity letters in indoor track, outdoor track and cross country...holds the university record in the 4X400...was the co-captain of track in 2002...was on the Academic All-Conference team two years...participated in Kappa Alpha Theta, Psi Chi, and the National Society of Collegiate Scholars.

Personal: Andrea Kathleen Stehman...born Jan. 7, 1981...daughter of Helen and Frederick Stehman...has three sisters, Christine, Eileen and Lara...enjoys reading, photography and working with youth...currently pursuing a graduate degree in school counseling.

ASHLEY TREMBLAY

5-5 • Fr.
Schenectady, N.Y.
Colonie Central

Before Maryland: Attended Colonie Central High School in Albany, N.Y., where she ran varsity cross country and indoor and outdoor track...she was the Yale champion in the 800 meters, and her 4X800 team won the outdoor state championships two times...her indoor 4X800 team also won the state championships twice...she served as captain and was voted the MVP of her indoor track team...held All-American status for two years...participated in the National Honor Society and was on the honor roll for four years.

Personal: Ashley Helen Tremblay...born Nov. 11, 1984...daughter of Margaret and James Tremblay...has one sister, Jill...brother James Jr. runs cross country and track at the University of Connecticut...favorite athlete is Marion Jones...majoring in knesiology.

2002 MEN'S PROFILES

MATT ADAMI

5-11 • So.
Mount Airy, Md.
South Carroll

As a freshman (2001): Finished in 18th place at the ACC Preview on Sept. 29 with a time of 26:46...lowered his time at the Paul Short Invitational on Oct. 6, posting a time of 26:41.97...became the first freshman to finish a race as the Terps' top runner at the ACC Championships in Clemson, S.C....one of three runners to represent the Terps at the NCAA Mid-Atlantic regional meet, where he finished with a time of 33:02.9...lowered his 2001 10k time of 33:48 to a 31:46 at the Outdoor Alabama Relays in 2002.

Before Maryland: Ran four years of varsity cross country for South Carroll High School, assisting in the school's back-to-back state championships in 1997 and 1998...won four varsity letters in track and two in indoor track...selected to All-County outdoor track team four times...named to All-County and All-CMC cross country teams four times...was part of the school's record-holding 4X800 team...named to the All-Baltimore Metro team twice...was recruited by Penn State, Frostburg and LaSalle.

Personal: Matthew Ryan Adami...born April 28, 1983...son of Helene Adami and Edmund Adami...has one brother, Michael...majoring in computer science.

2001 Best Time: 26:33.5 at the ACC Championships on Oct. 27.

DOUG ALLEN

5-10 • Jr.
Walkersville, Md.
Walkersville

Before Maryland: Won varsity letters in cross country and indoor and outdoor track at Walkersville High School in Walkersville, Md....was the Maryland State Champion in the mile during his junior and senior years...served as captain for two years...holds the MVAL conference records for the mile and two mile in indoor and outdoor track....at UMBC, won varsity letters in cross country and indoor and outdoor track...named MVP.

Personal: Douglas Barry Allen...born March 10, 1982...son of Karon Emmerich and Steve Allen...has one brother, Sam, and three half-sisters, Kelly, Jesse and Jillian...enjoys being outdoors and going out to see movies...majoring in criminal justice.

ADAM AMBRUS

6-2 • So.
Shamong, N.J.
Shawnee

As a freshman (2001): Was the Terps' top-finishing freshman at the Navy Invitational on Sept. 8 with a time of 27:04.50...posted his fastest time of the season at the ACC Preview meet on Sept. 29, finishing in 17th place...finished in 14th place at the Maryland Invitational on Oct. 13 with a time of 27:22.95.

Before Maryland: Attended Shawnee High School in Medford, N.J., where he won varsity letters in cross country...was the captain of his team in 2000...was selected to the All South Jersey team...also participated in winter and spring track.

Personal: Adam Peter Ambrus...born Sept. 5, 1982...son of Jill and Peter Ambrus...has one brother, Neil...enjoys racquetball, volleyball, golf and is interested in the stock market...chose Maryland over St. Joe's, Rutgers, Iona and TCNJ...majoring in letters and sciences.

2001 Best Time: 26:45.0 at the ACC Preview on Sept. 29.

MICHAEL FLEG

5-11 • So.
Clarksville, Md.
River Hill

As a freshman (2001): Finished in 26th place with a time of 27:20 at the ACC Preview on Sept. 29...ran a 26:49.69 at the Paul Short Invitational on Oct. 6...held a 15th place finish at the Maryland Invitational on Oct. 13 with a time of 27:24.94...improved his high school time in the mile of 4:26 to a 4:00.21 at the 2002 ACC Championships ... 8.33 in the 3000 meters.

Before Maryland: Won varsity letters in cross country, indoor track and outdoor track at River Hill High School in Clarksville, Md....led his team to two state cross country championships and two state indoor track championships...was the MVP and captain of his team in 2001...was a two-time individual regional champion...was the leadoff runner on a 4x800 state champion team...was a member of the National Honor Society with a 3.92 GPA.

Personal: Michael Louis Fleg...born Oct. 25, 1983...son of Rosemarie and Jerome Fleg...has three brothers, Anthony, Jerome and Stephen...likes to play all sports...favorite athlete is Cal Ripken...majoring in government and politics, and criminology.

2001 Best Time: 26:49.69 at the Paul Short Invitational on Oct. 6.

FLORENT GROBERG

5-11 • So.
Potomac, Md.
Walter Johnson

Before Maryland: Attended Walter Johnson High School in Bethesda, Md., where he won varsity letters in cross country and track...his team won third place at states in 2001 and fifth place in 2000 and 1999...was the regional champion in the 1600 meter and 4X800 meter...served as team captain for two years...was named MVP three times...won a Wildcat Sportsmanship Award...was All-County and received an All-Metro honorable mention...placed third at states in 2001 in the two mile...was the county champion in the 4X800 meter...at UNC Wilmington, won a varsity letter in cross country.

Personal: Florent Ahmed Groberg...born May 8, 1983...son of Klara and Larry Groberg...has one sister, Kristy...interests include listening to music and watching movies and television...enjoys working with children and helping them to read...majoring in criminology.

PAT McHENRY

5-11 • So.
Harleysville, Pa.
Souderton

Before Maryland: Attended Souderton Area High School in Soudertown, Pa., where he earned varsity letters in cross country and track...served as captain of cross country for two years, and one year as captain of track...named MVP in cross country in 2000 and MVP in track in 2001...holds the school record in the distance medley relay...named to first team All-League in cross country, and second team All-League in the 1600 meter, 3200 meter and 4X800 meter relay...was the first runner from his high school to qualify for state championships in 12 seasons...won 12th place at District 1 (PIAA) Championships...was senior class president and a member of the National Honor Society...was in the top five percent of his graduating class.

Personal: Patrick Robert McHenry...born July 21, 1983...son of Grace and Thomas McHenry...has three sisters, Eileen, Bridget, and Marygrace...sister Marygrace runs cross country for Syracuse...enjoys professional sports, and is interested in politics and history... majoring in secondary education and history.

ERIC MARENBURG

5-11 • So.
Peabody, Mass.
Peabody

As a freshman (2001): Raced to a 37th place finish in the ACC Preview on Sept. 29 with a time of 27:47...ran at the Paul Short Invitational on Oct. 6 with a time of 27:24.22...finished 20th at the Maryland Invitational on Oct. 13 with a time of 27:45.46, his second-fastest time of the season.

Before Maryland: At Peabody High School in Peabody, Mass., won four varsity letters in cross country...named captain of indoor, outdoor and cross country teams during his senior year...was a two-time cross country league All-Star and an indoor league All-Star...was the outdoor mile champion in 2001...was on the student council...for two years was the student representative to the Advisory Board of the City of Peabody to the National Honor Society.

Personal: Eric Matthew Marenburg...born July 3, 1983...son of Ann and Alan Marenburg...has one sister, Rachel...hobbies include running, basketball and watching sports...majoring in business.

2001 Best Time: 27:24.22 at the Paul Short Invitational on Oct. 6.

MICHAEL PRADA

6-0 • Jr.
Fulton, Md.
River Hill

As a freshman (2000): Completed his freshman season as Maryland's leading competitor in almost every meet.

As a sophomore (2001): Was the fastest runner for Maryland in the first three meets of the season... finished eighth place at the Navy Invitational on Sept. 8 with a time of 25:53.30...earned ninth place at the ACC Preview on Sept. 29 with a time of 26:14...at the Paul Short Invitational on Oct. 6, lowered his 2000 time of 26:08.9 to a time of 25:47.53...was the Terps' best finisher at the NCAA Mid-Atlantic regional meet, posting a time of 32:57.49.

Before Maryland: Won varsity letters in cross country, track and basketball at River Hill High School in Clarksville, Md....named the captain and MVP of his cross country and track teams in 1997, 1998 and 1999...was selected to the All-County team three times and was selected to the All-Metro team in 1998... won the county and regional championships four times.

Personal: Michael Gregory Prada...born Jan. 7, 1981...son of Sharon and Gary Prada...has one sister, Michelle...member of the Student Athlete Advisory Council...chose Maryland over UMBC and American...majoring in biology.

2001 Best Time: 25:47.53 at the Paul Short Invitational on Oct. 6.

DANIEL RYAN

6-0 · Fr.
Silver Spring, Md.
Good Counsel

Before Maryland: Won varsity letters in cross country, track and swimming at Good Counsel High School in Wheaton, Md....junior cross country team held a 212-0 record and a national ranking in the top 25...team ranked first in the D.C. metro area and in Maryland...cross country team won the conference team championships three times...was selected to All-Conference in track and was MVP of his team during his senior year...named to All-County for cross country his senior year...participated in the National Honor Society...was in the top 10 of his graduating class with a 4.5 GPA...won the George Washington School of Engineering and Applied Science medal.

Personal: Daniel Patrick Ryan...born Feb. 10, 1984...son of Kathleen and Patrick Ryan...has two sisters, Kerry and Julia...cousins Kelly and Katy are on the swim teams at Frostburg and Toledo, respectively...enjoys playing sports, listening to various kinds of music and watching movies...majoring in engineering.

NATTY ZOLA

6-0 · Fr.
Boulder, Colo.
New Vista, Fairview

Before Maryland: Attended New Vista High School and Fairview High School in Boulder, Colo....won varsity letters in cross country and track...his cross country team became the 2001 state champion...held a 3.75 GPA.

Personal: Nathaniel Elsas Zola...born May 22, 1983...son of Jaye and John Zola...has one brother, Peter...enjoys football, baseball, surfing, skiing and cycling...especially likes to run in the mountains of Colordado.

Eric Marenburg and Natty Zola in action.

Coach Trent Sanderson stretches our Cori Koch.

2001 WOMEN'S SEASON REVIEW

The University of Maryland women's cross country team experienced great progress during the 2001 season. In the end, the team's dedication and hard work showed through and the Terps battled to the end. Strong performances by key returning runners helped the team improve many individual times from 2000, making the 2001 season memorable.

Beginning its 2001 campaign with new coach Trent Sanderson, the team's first meet was the Navy Invitational on Sept. 8. The team placed fourth out of six teams at the invitational, held at the USNA Cross Country Course. The fastest runner for the women's team was Kristen Lubas, who ran to a 10th place finish with a time of 19:54.65. This time was much faster than her 2000 time at the same race—a 22:02.3. In 21st place was Monique Berry, with a time of 20:32.06, lowering her 2000 time of 22:11.2. After having their first taste of competition for the year, the women looked to improve upon their team performance at the next meet.

They accomplished this goal by turning in a solid second place finish at the ACC Preview meet, held at Clemson University on Sept. 29. Beaten only by South Carolina, this was the Terps' highest finish in an away meet that year. Lubas was again the fastest finisher for the Terps, netting eighth place in the 5,000 meter race with a time of 19:48. Seniors Monique Berry and Marjorie Bollinger and junior Kim Smith were close behind Lubas, finishing in 11th, 12th and 13th place respectively. Bollinger, Lubas and Berry all finished with lower times than at the same race in 2000.

Next came the Paul Short Invitational at Lehigh University on Oct. 6. This was the Terps' largest competition yet, and the women placed 23rd out of 39 teams. Penn State University swept both the men's and women's races, and Bucknell University took second. In the women's 6,000 meter race, Lubas again led the team, with a time of 23:08.08 and a 101st place finish. Kim Smith turned in a 114th place finish, with a time of 23:15.48.

The Maryland Invitational was the Terps' only home meet of the season, and it was the team's highest finish of the year. The Terrapin women took first place at the competition, which was held on Oct. 13 at the University Golf Course. This impressive effort was the only first place finish out of both Maryland cross country teams in 2001. Lubas completed the course in 19:45.06 for fourth place, improving upon her 2000 Maryland Invitational time by 1:05. Lorna Dorland was the second-fastest runner for the Terrapin women, completing her first race of the season in 19:49.71 and taking fifth place. Berry took sixth in the 5,000 meter race, seconds faster than in 2000.

Two weeks later, the women traveled back to Clemson University for the ACC Championships. The women finished eighth out of nine teams. The team was led by Berry, whose time of 24:02.5 earned her 55th place. Dorland and Lubas finished in 56th and 57th place, respectively. The Terps then turned their attention to the final meet, where they hoped to turn in a solid finish on their season.

The women did indeed end the season on a positive note, placing an impressive third out of 20 teams at the ECAC/IC4A Championships in Van Cortlandt Park, N.Y. on Nov. 17. The top finishing Terrapin was Berry, with a 18:55.40 and 12th place in the 5,000 meter race. Lubas and Dorland finished 17th and 18th, respectively.

Losing four talented seniors for the 2002 season, the Terps will have to rely on other key returners and a new class of rising stars. If they continue to improve upon their individual times, the women should produce a strong overall performance this season.

The 2001 Terrapins' women's team

2001 MEN'S SEASON REVIEW

The 2001 men's cross country season began with the return of only two runners from the previous year. This created a young, but dedicated group of rising stars who knew they had their work cut out for them. And although the team finished ninth at the ACC Championships, the season was marked with impressive individual performances.

The team kicked off its 2001 season at the Navy Invitational on Sept. 8, under the guidance of new head coach Trent Sanderson. The men's team placed fifth in the six-team competition, which was held at the USNA Cross Country Course and swept by host team Navy. Mike Prada was the fastest finisher for the team, coming in at eighth place with a time of 25:53.30. Second for the Terps was Francis Ciganek, who posted a 26:37.70 to earn 19th place. The team knew it had some room for improvement at the next meet, which was a comfortable three weeks away.

Their hard work during the bye weeks paid off at the ACC Preview meet, which was held at Clemson University on Sept. 29. Prada continued to be the top runner for the Terps, finishing in ninth place with a time of 26:14 in the 8,000 meter race. Ciganek finished with a 26:44 to place 15th. Showing improvement already, the team placed third out of seven teams, behind Life University and Clemson University.

Next came the Paul Short Invitational at Lehigh University on Oct. 6. This was the Terps' largest competition yet, and the team placed 19th out of 39. Penn State University swept both the men's and women's races, and Bucknell University took second. Prada finished his third meet as the Terrapins' top runner in 46th place with a time of 25:47.53 in the 8,000 meter race. This was faster than his time at the 2000 Paul Short Invitational, which was a 26:08.9. Ciganek again finished second for the Terps, with a 61st place finish. He improved his 2000 time of 26:28.2 at the meet to a 25:57.12 at the 2001 invitational.

The Maryland Invitational was Terps' only home meet of the season, and it proved to be the team's highest finish of the year. The 8,000 meter race was held on Oct. 13 at the University Golf Course. The Terps placed second out of six teams, behind American University. Ciganek turned in the team's best finish for the first time, placing fifth in the meet. Other Maryland men who ran well were 14th place Adam Ambrus and 15th place Mike Fleg, who finished with times of 27:22.95 and 27:24.94, respectively.

The next challenge for the cross country team came at the ACC Championships on Oct. 27 at Clemson, where they faced all eight of their regional foes. Unfortunately, the team failed to break its three-year ninth place finish streak, instead extending it to four. The individual performance leader was Matt Adami, finishing in 50th place in the 8,000 meter race with a 26:33.5. Prada finished close behind Adami, in 53rd place, and Ciganek took 59th.

After having two weeks off to rest and practice, the team then sent three individuals to Lehigh University for the NCAA Regionals on Nov. 10. At this tough competition, Prada was the fastest finisher for the Terrapins, with a time of 32:57.49 and a place in the top 100. Adami and Ciganek finished with times of 33:02.90 and 33:03.47. Rejoining the rest of the team, the three runners had only one week to rest and prepare for the last meet of the season.

The team ended its season with a strong ninth place finish out of 23 teams at the ECAC/IC4A Championships in Van Cortlandt Park, N.Y., on Nov. 17. Ciganek again raced fastest for the Terps, with a 41st place finish and a time of 26:39.90 in the 8,000 meter run. Adami finished in 45th, and Prada raced to a 50th place finish.

Not losing any players due to graduation, the team will return a solid roster, including Prada, Ambrus and Adami. This year the group hopes to better its team standings at the ACC Championships, while continuing to improve on their individual times.

University Of MARYLAND

"Strive for clarity, but accept and understand ambiguity."

That phrase captures one way in which an educated person approaches the world and its challenges. Students who graduate from the University of Maryland have been exposed to the tools that allow them to put that perspective to work. Imparting such a perspective may be an ambitious project for undergraduate education, but to aim for anything less would be unworthy of a great university's goals for its students. Fourteen years ago, Promises to Keep, a plan for undergraduate education at Maryland, articulated those goals so eloquently we repeat them here.

Undergraduate education at Maryland "aims to provide students with a sense of identity and purpose, a concern for others, a sense of responsibility for the quality of life around them, a continuing eagerness for knowledge and understanding, and a foundation for a lifetime of personal enrichment."

As we learn with and from one another, we try to "develop human values," "celebrate tolerance and fairness," "contribute to the social conscience," "monitor and assess private and collective assumptions," and "recognize the glory, tragedy and humor of the human condition." Your years at the University of Maryland can provide you with all the tools you need to accomplish these goals. Students here are "educated to be able to read with perception and pleasure, write and speak with clarity and verve, handle numbers and computation proficiently, reason mathematically, generate clear questions and find probable arguments, reach substantiated conclusions, and accept ambiguity."

And we also hope you enjoy the journey.

About the University

The Campus

By virtually every measure of quality, the University of Maryland has gained national recognition as one of the fastest rising comprehensive research institutions in the country. The momentum of recent years has poised the university to move it into the top ranks of higher education and take leadership in shaping the research university of the 21st century.

The university has enjoyed a decade of momentum in all of the areas that affect quality, beginning with the quality of our students. For more than 10 years, every freshman class has been the most talented in the university's history, including this year's. Not only are their grade-point averages and SAT scores stellar, about half of them finished in the top 10 percent of their high school graduating class.

But Maryland students excel in more ways than just the classroom. They are leaders in the arts and culture, community service, civic engagement and athletics.

What's more, the student body is a model of diversity, with minorities making up more than 32 percent of all students, and at least one graduate and undergraduate student from every state in the nation.

The university has 65 graduate and undergraduate programs ranked in the Top 25 by *U.S. News and World Report*, up from just one program in 1991.

Sponsored research and outreach has nearly tripled in the same 10-year period, reaching $308.5 million for FY 01. Private giving has increased even more dramatically, from $17 million to $77 million in FY01. Alumni Association membership has been growing at an average rate of 10 percent a year since 1992.

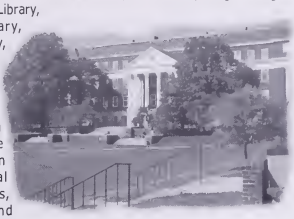
One of the largest research universities in the United States, current enrollment stands at 25,099 undergraduate and 9,061 graduate. There are 94 undergraduate programs, 89 master's programs, 70 doctoral programs, and one first professional degree program. More than 100 centers and institutes are engaged in research and outreach.

Faculty at the University of Maryland, in all fields of knowledge, are engaged at the highest levels of national and international concern. The university's location near the center of federal policy-making and international political and economic activity enables it to play an active role in research and analysis of public policy.

Maryland is one of 30 public universities in the prestigious 63-member Association of American Universities and the only public institution in the Maryland-D.C. area with membership in the nation's most distinguished honor society, Phi Beta Kappa.

Libraries

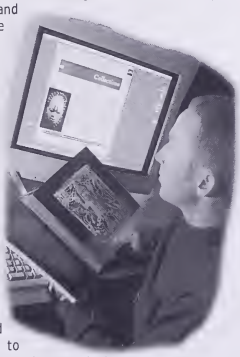
Seven libraries make up the University of Maryland library system: McKeldin (main) Library, Architecture Library, Art Library, Engineering and Physical Sciences Library, Hornbake Library, Performing Arts Library, White Memorial (Chemistry) Library.



These libraries constitute the largest university research library institution in the Washington metropolitan area, providing vital resources to researchers, visiting scholars, and businesses throughout the region. The libraries' holdings include more than 2.5 million volumes, 24,000 subscriptions to periodicals and nearly 5 million items available in microfilm format.

Research

Opportunities for conducting research abound at the University of Maryland, College Park, and in the surrounding area, both for faculty to advance their own expertise and bring their insights into the classroom, and for students to begin their exploration of their special interests with practical experience. On campus, special facilities and a number of organized research centers, bureaus, and institutes promote the acquisition and analysis of new knowledge in the arts, sciences and applied fields.



The university's enviable location — just nine miles from downtown Washington, D.C., and approximately 30 miles from both Baltimore and Annapolis — enhances the research of its faculty and students by providing access to some of the finest libraries and research centers in the country.

Service

Programs of public service are central to the overall mission of the university. The philosophy is reflected in the wide array of programs and initiatives that benefit the state's business, agriculture and education communities.

With more than 90 high technology firms in the three-county area of Montgomery, Prince George's and Frederick counties, the university has found abundant opportunity to extend its business and technology outreach programs to the region. Many of these programs are part of the Engineering Research Center, which operates the Technology Advancement Program and the Maryland Industrial Partnerships, programs designed to provide Maryland entrepreneurs and small businesses with research facilities, technical assistance, administrative support, and access to technology that will advance their economic base.

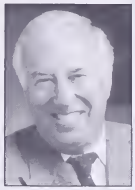
The Institute for Systems Research has formed partnerships with major corporations, including Lockheed Martin, Westinghouse, BF Goodrich, Hughes Aircraft and Dupont to apply advanced systems research to solving industry problems in the fields of communications, manufacturing, controls and robotics.

The university last year opened the Clarice Smith Performing Arts Center, with its six state-of-the art performance halls, which has quickly become a center of cultural programming in the Washington metropolitan area. The university also boasts four art galleries and a broad range of public art throughout the beautiful campus. Additionally intercollegiate, club and intramural sports provide students of all levels an opportunity to participate as spectators or athletes.

C.D. MOTE JR.

University President

Fifth Year at Maryland • California '59



When C.D. "Dan" Mote Jr. became the 19th president of the University of Maryland on Sept. 1, 1998 he proclaimed it a university "on the move." Four years later, under his guidance, Maryland continues to move – at an ever accelerating rate – on the field, in the classroom, in the community, and in the world.

The University of Maryland is the state of Maryland's most important asset, says Mote: "The future of the state depends on this university."

Fulfilling that responsibility is a big job, but it's a role that Mote is accustomed to, having spent his entire academic career at the University of California at Berkeley, where he earned all his degrees, taught engineering and eventually became vice chancellor for University Relations before coming to Maryland.

One of Mote's first tasks here was to serve on a governor's task force to examine the funding and organization of the University System of Maryland. The task force recommended, and the General Assembly enacted into law, a reaffirmation of the university's flagship status and a commitment to funding at levels comparable to the best public universities in the nation.

As president, Mote is committed to making that asset even greater by creating a culture of excellence and civility across the campus, continuing to emphasize the highest quality education for students, strengthening the university's internal and external connections, and achieving distinction as an institution where discovery takes place every day and everywhere.

The university's progress in each of these areas can be measured by the quality of its programs; the stature of its faculty; the talent of its students; partnerships with business; impact on the state's economy; its ability to apply discoveries to global, national and regional problems; and its world-class, state-of-the-art facilities.

Quality Programs

Over the past decade, Maryland's programs have been improving by leaps and bounds. We currently have 65 graduate and undergraduate programs ranked in the top 25 nationally by *U.S. News & World Report*, compared with just one program a decade ago.

While the university's academic successes are across the board, it has emerged as a true powerhouse in business, computer science, earth sciences, engineering, education and journalism. The Robert H. Smith School of Business has achieved top 10 rankings from such beacon publications as the *Financial Times of London* and the *Wall Street Journal*. Every department in the College of Education has programs ranked in the *U.S. News* top 25, and the Counseling and Personnel Services Program has long been ranked tops in the nation.

Faculty Stature

With the addition during Mote's third year of a Nobel Laureate in Physics and three more Pulitzer Prize winners (to join three already on the faculty), Maryland continues to attract the best faculty available. More than 30 faculty are members of the national academies in their fields, the highest professional recognition attainable.

Experts on the Maryland faculty are regularly sought by the news media for their views on a wide variety of issues, including politics, international affairs, social trends, economics, the environment, science and technology.

DEBORAH A. YOW

Director of Athletics
Ninth Year At Maryland • Elon '74

Deborah A. Yow is in the ninth year of her outstanding tenure as director of athletics at the University of Maryland, a year that has seen unprecedented success and achievement in Maryland athletics. Each year has brought about continued improvement and accomplishment in Terrapin athletics. In Yow's eight years at Maryland, the Terrapins have won a remarkable nine NCAA national championships as Maryland athletics has soared to new heights.

The comprehensive success of Terrapin athletics under Debbie Yow's leadership is a clear and compelling testimony of her values of excellence, teamwork and accountability. Likewise, her election to the presidency of the National Association of Collegiate Directors of Athletics two years ago is an indication of the respect with which she is regarded among its 6,100 members representing 1,600 colleges in the U.S. and Canada. She was recently singled out by *Street and Smith Sports Business Journal* as one of the leading administrators in the U.S. and she received the Carl Maddox Sport Management Award presented by the United States Sports Academy for excellence in athletics administration.

Yow, who recently served on the NCAA Management Council and the NCAA Division I Budget Committee, is a strong and steady voice on behalf of intercollegiate athletics in America. Since taking over as AD at Maryland in 1994, she and her staff have:

- Transformed Terrapin athletics into a responsive, goal-oriented organization.
- Balanced all eight of the annual department's budgets (the first balanced budgets in the 10 years prior to her arrival). The budget has now reached $40 million annually and the sizable prior operative debts have been eradicated.
- Greatly enhanced the academic support services provided for student-athletes, with an enviable exhausted eligibility graduation rate of approximately 85 percent.
- Led the Terrapins to a national all-sports ranking in the upper 15 percent of all NCAA Division I institutions.
- Significantly expanded marketing and fund-raising efforts on behalf of Terrapin athletics. As a result, private gifts to athletics have increased 240 percent and corporate sponsorship revenues have increased by 275 percent during her tenure at Maryland.
- Continued to dramatically improve venues and facilities for the department's 25 teams.
- Implemented a strategic management model.
- Developed a comprehensive Internet strategy with management, marketing and fund-raising applications.
- Significantly improved customer care in every area.

The most recent achievements of Maryland athletics are exceptional:

- Selected in 2002 by U.S. News & World Report as one of the Top 20 athletic programs in the nation (for overall quality and competitive excellence).
- In football, won the Atlantic Coast Conference championship and played in the 2002 Orange Bowl. In men's basketball, won the ACC regular season in 2002, as well as the NCAA national championship. The Terps are among only a few NCAA institutions to have achieved at this distinguished level in these sports in the same year.
- Hired the Associated Press National Coach of the Year, Brenda Frese, as the new women's basketball coach.
- Hired Dave Cottle, the third winningest active men's lacrosse coach in the U.S.
- Field hockey played for the national championship.
- Women's lacrosse has continued its winning ways and has won seven consecutive national championships through 2001.
- Enhancing football facilities significantly with Team House and practice field upgrades.
- Moved into the new $125 million Comcast Center.
- The athletics budget was balanced for the eighth consecutive year.
- In 2001-02 10 Maryland teams competed in NCAA postseason play.
- The productivity, morale, and the competitive and academic achievement of Terrapin athletics are exceptional and continue to gain momentum.

Regarding the many achievements of Terrapin athletics over the past eight years, Yow says, "We are pleased, but we are not satisfied ... our vision is to be one of the top 10 programs in the nation consistently ... we see no reason to settle for less."

Yow is known for her goal-oriented and proactive management style. She consistently inspires and challenges those around her to "raise our sights and sharpen our tools ... to work hard and work smart ... to recognize that our only limitations are those that we place upon ourselves."

As a manager and a leader, she clearly models these principles. She is the only known current AD in NCAA Division I who has hired both the National Coach of the Year in football (while at Maryland) and the National Coach of the Year in men's basketball (while at Saint Louis University). Yow is known as "a coach's AD," while also being a highly organized, strategic and proactive leader and administrator. Quite simply, Debbie Yow personifies the relational and management dynamics that are necessary to be an excellent administrator.

A successful former coach at the University of Kentucky and at the University of Florida, she moved into athletics administration at the University of Florida and the University of North Carolina, Greensboro, followed by a highly successful tenure as AD at Saint Louis University.

She has authored numerous articles and books on athletics management and human behavior, and is a respected leader in intercollegiate athletics in the United States.

Summing up the entire athletics program, Dr. Yow recently observed, "We have the finest student-athletes, coaches, support staff and administrative team in America. It is because of their courage, hard work and cooperative spirit that we now have a strong, viable athletic program. I am immensely proud of each of them. I am equally proud of our Terrapin fans who buy tickets, our Terrapin Club members who faithfully support the Maryland athletic program with their donations for scholarship, and the Maryland Educational Foundation and M Club members who serve and give liberally. We have a great Terrapin family. That's the foundation for all of our success ... and the basis for our bright future."

SHAWN FLYNN

Associate A.D. Internal Operations

Shawn Flynn is in his first year as associate athletics director for internal operations and championships coordinator. He is responsible for overseeing baseball, men's lacrosse, men's soccer, women's soccer, and the men's and women's swimming programs. In addition, he supervises the facilities and operations unit.

Flynn came to Maryland in 1988 as a graduate assistant for Intramurals and Sports Clubs with Campus Recreation Services. In 1990 he was hired as the Campus Recreation Coordinator for Facilities and Sports Clubs. In that role he administered a 25-club Sport Club Program in addition to establishing a First-Aid/CPR program. In 1994 his responsibilities expanded when he was promoted to assistant director for facilities and sports clubs.

Two years later Flynn was promoted to associate director for facilities. He played an integral role in the development, opening and operation of two major facility initiatives, the Campus Recreation Center and Ritchie Coliseum. Flynn served as the department liaison with various campus departments and worked with university committees and working groups. Flynn was the event director for the 1999 and 2000 FINA United States Swimming World Cup.

In addition to his work at Campus Recreation Services, Flynn served as the site director for the Nationals Futures Tournament/Super Camp for the United States Field Hockey Association since 1996. He was also a member of the 2000 U.S. Swimming Olympic Trials event team and has assisted the Washington Regional 2012 Coalition.

Flynn earned his bachelor of arts degree in business/economics from the University of Pittsburgh at Johnstown in 1988. He went on to earn a master's in kinesiology with a concentration in sport management from the University of Maryland in 1992.

Flynn and his wife Debbie have two children, Shane (7) and Matthew (3).

ACADEMIC SUPPORT & CAREER DEVELOPMENT

The University of Maryland is committed to providing the highest quality education to all of its students. The Department of Intercollegiate Athletics strives to provide student-athletes excellent opportunities to participate in an intercollegiate athletics program of the highest quality, with the result that their athletics participation becomes an integral and valued component of their total educational experience at the university.

Senior Associate Director Karen Schiferl

Terrapin student-athletes will find that the same hard work and discipline that has earned them success in athletics competition is also required in the classroom. Balancing the significant time demands and responsibilities required to be a successful student-athlete at the highest collegiate level is no small task. Therefore, as a result of their commitment to representing the university through athletics, Terrapin student-athletes are able to utilize support programs designed to meet their specific needs.

The mission of the Academic Support and Career Development Unit (ASCDU) is to provide quality developmental programs and need-based services that will enhance academic progress, facilitate career development, and encourage the psychosocial growth of all UM student-athletes.

The Gossett Academic Support and Career Development Center for Terrapin student-athletes, named for long-time Terp supporters Barry and Mary Gossett, is located in the Comcast Center. It features a study center that includes 25 desktop computers, a tutoring center, a classroom, a CHAMPS/Life Skills resource room and individual offices for six professional academic counselors, a director of enrichment programs, an assistant program coordinator and two graduate assistants. In addition, the center's extended site is located in the Gossett Football Team House, and includes office space for two professional counselors, a program assistant and a 16-station desktop computer center.

Academic courses, programs and services offered by ASCDU include the following:

- Prospective student-athlete orientation
- Academic counseling
- NCAA academic eligibility monitoring
- Academic enrichment and career development presentations and workshops
- Accredited tutorial support
- Individualized learning program
- EDCP 108-K (College learning strategies and skills)
- EDCP 108-M (Math learning strategies and skills)
- UNIV 100/101 (First-year transitions to the university)

The Staff

Nine full-time professionals, two graduate assistants, tutorial support staff and student associates comprise the unit's workforce. Senior Associate Director Karen Schiferl serves the cross country team's academic support counselor.

Student-Athlete Advisory Council

The Student-Athlete Advisory Council (S.A.A.C.) plays an important role in the Department of Intercollegiate Athletics. It consists of two representatives from each varsity sport and meets on a regular basis with representatives from the athletic administration. The S.A.A.C. mission is to enhance the total student-athlete experience by developing leadership skills, promoting student-athlete welfare and fostering a positive student-athlete image on the Maryland campus, local area and nationally.

CHAMPS/Life Skills Programs

ASCDU houses the NCAA's (National Collegiate Athletic Association) Challenging Athletes' Minds for Personal Success Program (C.H.A.M.P.S.) and the NCAA Life Skills Program. The ASCDU staff, in collaboration with various other Department of Intercollegiate Athletics' units and campus resources, strives to provide a systematic personal development program designed to reach each student-athlete based on his or her individual needs. The focus of the program is on the individual academically, athletically and emotionally, and on the changing needs and skills of that individual in the years during college and after graduation. The menu of presentations, workshops and seminars is a comprehensive and balanced system of "life learning" programs promoted for use by each varsity sport team.

Highlights of the CHAMPS/Life Skills Programs:

- Support efforts of every student-athlete toward intellectual development and graduation
- Use athletics as preparation for success in life
- Meet the changing needs of student-athletes
- Promote respect for diversity among student-athletes
- Enhance interpersonal relationships in the lives of student-athletes
- Assist student-athletes in building positive self-esteem
- Enable student-athletes to make meaningful contributions to their communities
- Promote ownership by the student-athletes of their academic, athletic, personal and social responsibilities
- Enhance partnerships between the NCAA, member institutions and their communities for the purpose of education
- Encourage the development of leadership skills

CHAMPS/Life Skills Programs Commitment Statements

Commitment to Academic Excellence To support the academic progress of the student-athlete toward intellectual development and graduation.

Commitment to Athletic Excellence To build philosophical foundations for the development of athletic programs that are broad-based, equitable and dedicated to the well-being of the student-athlete.

Commitment to Personal Development To support the development of a well-balanced lifestyle for student-athletes, encouraging the emotional well-being, personal growth and decision making skills.

Courses Of Study

College of Agriculture and Natural Resources

Agricultural and Resource Economics, Agriculture/Veterinary (combined), Animal Sciences, Biological Resources Engineering, Conservation of Soil, Water, and Environment, Crop Science, Dietetics, Environmental Science and Policy, Food Science, General Agricultural Sciences, Horticulture, Landscape Architecture, Natural Resources Management, Nutritional Science, Turf and Urban Agronomy

School of Architecture

College of Arts and Humanities

American Studies, Art, Art History and Archaeology, Chinese, Classics, Dance, English Language and Literature, French Language and Literature, Germanic Studies, History, Italian Language and Literature, Japanese, Jewish Studies, Linguistics, Music/Music Performance, Philosophy, Romance Languages, Russian Area Studies, Russian Language and Literature, Spanish Language and Literature, Speech Communication, Theatre, Women's Studies

College of Behavioral and Social Sciences

Afro-American Studies, Anthropology, Criminology and Criminal Justice, Economics, Environmental Science and Policy, Geography, Government and Politics, Hearing and Speech Sciences, Psychology, Sociology

College of Computer, Mathematical and Physical Sciences

Astronomy, Computer Engineering, Computer Science, Environmental Science and Policy, Geology, Mathematics, Physical Sciences, Physics

Robert H. Smith School of Business

Accounting, Business/Law, Finance, General Business and Management, Logistics and Transportation, Management and Organization, Management Science and Statistics, Marketing; Personnel and Labor Relations, Production Management, Transportation, Business and Public Policy

College of Education

Early Childhood Education, Elementary Education, Secondary Education (Art, English, Foreign Language, Mathematics, Music, Science, Social Studies, Speech and English, Theatre and English), Special Education

A. James Clark School of Engineering

Aerospace Engineering, Biological Resources Engineering, Chemical Engineering, Civil Engineering, Computer Engineering, Electrical Engineering, Engineering (B.S. in), Environmental Science and Policy, Fire Protection Engineering, Materials and Nuclear Engineering, Mechanical Engineering

College of Health and Human Performance

Family Studies, Health Education, Kinesiological Sciences, Kinesiology

Philip Merrill College of Journalism

College of Life Sciences

Biochemistry, Biological Sciences, Biology, Cell Biology and Molecular Genetics, Environmental Science and Policy

Undergraduate Studies

College Park Scholars, Division of Letters and Sciences, Individual Studies Program, Law and Health Professions (Pre-Dental Hygiene, Pre-Dentistry, Pre-Law, Pre-Medical Technology, Pre-Medicine, Pre-Nursing, Pre-Optometry, Pre-Osteopathic Medicine, Pre-Pharmacy, Pre-Physical Therapy, Pre-Podiatric Medicine, Pre-Veterinary Medicine), University Honors Program (Gemstone, Honors Humanities)

MEDIA INFORMATION

Media Guidelines

Credentials: Media and photographer credentials for events at Maryland may be obtained by working press, radio and television by writing or calling Mary Smith in the Maryland Athletic Media Relations Office, 2727 Comcast Center, College Park, MD 20741-0295. All requests should be submitted at least 48 hours prior to the event by phoning the Media Relations Office at (301) 314-7064. Since space is limited, accommodations are on a priority basis: daily newspapers and wire services, originating radio and television stations, national weekly or monthly publications, electronic media outlets, local and regional television crews. Priority is granted to members of the media who cover Maryland athletics on a regular basis, and to visiting media members. Photo passes will be issued only to accredited photographers on assignment.
